📍 Bhubaneswar

Professional Summary

Passionate and detail-oriented Developer with hands-on experience in Core Java, Advanced Java concepts, Spring Boot, Hibernate, REST APIs, and SQL. Skilled in developing scalable backend applications and microservices-based solutions with strong knowledge of object-oriented programming, exception handling, collections, multithreading, JDBC, and database management. Experienced in debugging, problem-solving, API integration, and optimizing application performance. Capable of building clean, maintainable, and efficient applications while collaborating effectively within development teams.

Technical Skills :

Programming Languages : Core Java(OOP), Advance Java, SQL, JavaScript

Backend Technologies: Spring Boot , Hibernate , JDBC , REST APIs , Microservices

Web Technologies: HTML5, CSS3, Bootstrap ,

Databases: MySQL ,Oracle ,MongoDB(NoSQL)

Tools & Platforms: Maven , Git & GitHub , VS Code , Eclipses

Experience:

Java Full Stack Intern

Seeree Tech Services Pvt. Ltd., Bhubaneswar

- Developed scalable Java applications using Spring Boot, Hibernate, and MySQL.
- Designed and implemented REST APIs for seamless communication between frontend and backend systems.
- Worked on microservices-based modules to improve application scalability and maintainability.
- Built CRUD functionalities and optimized SQL queries for faster database performance.
- Applied Core Java concepts including collections, exception handling, and multithreading in backend development.
- Performed debugging, root cause analysis, and unit testing to ensure application reliability.
- Collaborated with developers and team members to analyze requirements and deliver project solutions efficiently.

Projects:

Online Learning Management System (LMS) — Java Developer

GitHub: <https://github.com/kangnanayak5/LearningManagementSystem.git>

- Developed a web-based Learning Management System to manage courses, assignments, and student records.
- Built backend services using Spring Boot, Hibernate, REST APIs, and MySQL.
- Designed responsive frontend interfaces using HTML5, CSS3, and Bootstrap.
- Implemented CRUD operations, authentication modules, and database integration.
- Improved application performance through optimized SQL queries and modular architecture.
- Applied debugging and problem-solving skills to enhance application stability and user experience.

Portfolio Website | HTML, CSS

GitHub : <https://github.com/kangnanayak5/Portfolio.git>

- Created a responsive personal portfolio showcasing skills, projects, and contact details.
 - Designed a clear UI with custom CSS styling and smooth navigation
-

Internships & Certifications:

Internship(Jun 2024 - January 2025)

Java Full Stack Developer Intern — Seeree Service Pvt. Ltd., Bhubaneswar

Project: Education System

- Worked on web applications using Java, Spring Boot, MySQL, HTML, CSS
- Built CRUD operations, REST APIs, and responsive pages with Bootstrap

Certifications

- Core Java | Advanced Java | Database | UI/UX | Java FullStack

Seeree Service Pvt. Ltd., Bhubaneswar

Education:

- B.Sc. (ITM) — Ravenshaw University (2019 – 2022) | 78.22%
 - 12th (Science) — Royal College of Science & Technology (2019) | 64.5%
 - 10th (BSE) — Saraswati Sishu Vidya Mandira (2017) | 83.3%
-

Key Strengths:

- Strong Knowledge of Core Java & Advanced Java Concepts
- REST API & Backend Development
- Microservices Understanding
- Debugging & Problem Solving
- Database Management & Query Optimization
- Quick Learner & Team Player
- API Integration
