Bhubaneswar, Odisha

Professional Summary

I'm a passionate and detail-oriented Software Developer , hands-on experience in Core Java, Spring Boot, SQL, and web technologies such as HTML, CSS, and Bootstrap. I have worked on developing and maintaining full-stack applications, integrating backend and frontend systems, and improving database performance. These experiences have strengthened my understanding of object-oriented programming, database management, and web application development. I enjoy solving problems through clean and efficient code and am eager to apply my skills to real-world projects while continuing to learn and grow as a developer

Technical Skills

Languages: Core Java, SQL , JavaScript

Frameworks & Tools: Spring Boot, Maven, VS Code

Web Technologies: HTML, CSS, Bootstrap

Databases: MySQL, Oracle, MongoDB(NoSQL)

Core Skills : Debugging , Problem solving , Logical Thinking , Team Collaboration

Experience

Java Full-Stack Developer Intern

Seeree Tech Services Pvt. Ltd., Bhubaneswar

- Designed and developed scalable Java applications using Spring Boot and MySQL.
