- Frameworks: Spring Boot, Hibernate, JDBC, REST APIs, Microservices
- Frontend: HTML5, CSS3, Bootstrap
- Databases: MySQL, Oracle, MongoDB
- Tools: Git, GitHub, Maven, Eclipse, VS Code
- Concepts: OOP, SDLC, Debugging, Exception Handling, API Integration

## PROFESSIONAL EXPERIENCE :

Java Full Stack Developer

Seeree Tech Services Pvt. Ltd. | June 2025 – May 2026

- Delivered high-quality Java code using Spring Boot, Hibernate, and MySQL while meeting project timelines.
- Developed REST APIs and CRUD modules based on client requirements.
- Optimized SQL queries to improve application performance and maintain quality standards.
- Performed troubleshooting, debugging, and exception handling to resolve application issues.
- Collaborated with team members on application development, maintenance, and technical documentation.

## PROJECTS:

**Management System Learning** | Java, Spring Boot, MySQL

GitHub: [github.com/kangnanayak5/LearningManagementSystem](https://github.com/kangnanayak5/LearningManagementSystem)

- Developed a full-stack Learning Management System with authentication.
- Delivered secure authentication ,CRUD operations and role-based access modules.
- Designed REST APIs based on functional and client requirements.
- Optimized SQL queries, debugged application issues, and improved system performance.

**Portfolio Website** | HTML, CSS, JavaScript

GitHub: <https://kangnanayak5.github.io/Portfolio/>

- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript.
- Implemented responsive layouts, interactive UI components, and resume download functionality.
- Improved user experience through optimized navigation and performance.
- Managed project version control using GitHub.

#### EDUCATION:

- B.Sc. (ITM) – Ravensshaw University (2019–2022) | 78.22%
- 12th (Science) – Royal College of Science & Technology (2019) | 64.5%
- 10th – Saraswati Sishu Vidya Mandira (2017) | 83.3%

#### CERTIFICATIONS

- Core Java
- Advanced Java
- Database Management System
- Java Full Stack Development
- UI/UX Fundamentals

#### KEY STRENGTHS

- Java Development
- REST API Development
- Troubleshooting & Debugging
- SQL & Database Management
- Application Maintenance
- Technical Documentation
- Team Collaboration
- Problem Solving
